Career Objective

I am a Frontend Developer with expertise in React.js and modern web technologies. I seek an opportunity to contribute to a dynamic team, develop user-friendly web applications, and continuously enhance my skills as a developer

Skills

Technical Skills :
- **Frontend**: React.js, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap
- **Backend**: Node.js, Express.js
- **Database**: MongoDB
- **Tools & Technologies:** Git, Firebase, Figma, REST API, Postman

Soft Skills :
- **Quick learner**
- **Active listener**
- **Time Management**

Projects

Care Point [Medical camp management system]

A web application for managing medical camps efficiently. It allows organizers to schedule camps, register patients, and track medical records.

Live: Live Demo | **Client:** GitHub Repo | **Server:** GitHub Repo

Key Feature:
- User dashboard for profile management, camp bookings, and payment handling
- Camp scheduling and management & Patient registration and record tracking
- Admin dashboard for managing medical camps and overseeing user payment and booking processes.

Eblogs [Blog Website]

A blogging platform where users can write, store, and share blog posts, as well as manage their profiles.

Live: Live Demo | **Client:** GitHub Repo | **Server:** GitHub Repo

Key Feature :
- User authentication and profile management
- Create, edit, and delete blog posts
- Comment and like functionality

Education

Higher Secondary Certificate (HSC)
Institution: Vashantek Govt College
Year: 2023 – Present
